## Things to know about Mazda Mazda6

AI generated

The Mazda Mazda6 2014 is a versatile car that comes in three different body types: sedan, wagon, and hatchback. All three body types offer varying degrees of practicality and sportiness, with the hatchback being the most versatile and the sedan being the most popular.

In terms of engines, the Mazda6 2014 offers two different options. The base model comes with a 2.5-liter four-cylinder engine that produces 184 horsepower and 185 pound-feet of torque. This engine is paired with a six-speed automatic transmission in all body types. The other option is the turbocharged 2.5-liter four-cylinder engine that produces 250 horsepower and 310 pound-feet of torque. This engine is only available in the sedan and comes with a six-speed automatic transmission.

All three body types offer a spacious and comfortable interior with excellent driving dynamics and handling. The sedan and wagon offer ample space for passengers and cargo, while the hatchback offers more cargo space and a more versatile layout.

In terms of safety features, the Mazda6 2014 comes standard with anti-lock brakes, traction and stability control, front-seat side airbags, full-length side curtain airbags, and active front head restraints. Other available safety features include blind-spot monitoring, rear cross-traffic alert, and a rearview camera.

Overall, the Mazda Mazda6 2014 is a well-rounded car that offers a range of body styles and engine options to suit different drivers' needs. Whether you prefer practicality, sportiness, or a mix of both, the Mazda6 2014 has something to offer.
